OLEKSII DEMBNOVETSKYI

FULL-STACK DEVELOPER

SUMMARY

Self-motivated Full-stack Developer with a year of professional experience and a strong foundation in CSS, HTML, JavaScript, React, and Node.js. Completed one work project, three team projects, and two individual projects at GoIT.

Currently seeking opportunities as a Front-end Developer (React) or Full-stack Developer. Passionate about continuous learning, I work on personal projects to enhance my skills. My goal is to grow professionally and contribute effectively to team success.

WORK EXPERIENCE

Full-stack developer, part-time, remote

Brovko, Ukraine August 2023 - August 2024, online store development,

Technologies: HTML, Sass, JavaScript, Webpack, React, Redux Toolkit, Node.js, MongoDB, Express, Git, Docker, Swagger, Trello.

Managing Director, Law Company 911, Odessa, Ukraine

Jan 2012 - Feb 2022

Responsibilities: Coordinated customer communication and project staff, planned and executed tasks, optimized workflows, and prepared documentation for project implementation.

Achievements: Developed and maintained the company website, enhancing customer engagement and increasing turnover by 30%.

Automated work processes in key areas, improving efficiency.

PORTFOLIO

For detailed project descriptions and examples of my work, please refer to my portfolio.
